

M.Sc. (Microbiology)

Sr. No.	Semester I	Semester II	Semester III	Semester IV
01.	Taxonomy, Virology & Cytology (MB-101)	Molecular Microbial Physiology & Enzymology (MB-201)	Molecular Diagnosis & Molecular Pathogenesis (MB-301)	Fermentation Technology (MB-401)
02.	Molecular Biology (MB-102)	Advances in recombinant DNA Technology (MB-202)	Bioinformatics (MB-302)	Bioprocess Engineering (MB-402)
03.	Microbial Physiology (MB-103)	Immunology & Immunotechnology (MB-203)	Bioanalytical techniques & instrumentation (MB-303)	Economic Microbiology (MB-403)
04.	Applied Environmental Microbiology (MB-104)	Genomics, Proteomics & other "OMICS" (MB-204)	Biostatistics, Research Methodology & IPR (MB-304)	Pharmaceutical Microbiology (MB-404)
05.	Practicals	Practicals	Practicals	Practicals
